

## What we have to offer:

- Contract bond capacity up to \$10 million per job/\$20 million bonded aggregate
- Access to the SBA Bond Guarantee Program for non-standard contract bond business
- A full suite of commercial bond offerings made available through eSURETY
- Competitive commissions ranging from 25% to 45%
- Flat commission structures on all bonds, including contract bonds
- Direct or agency bill options

**We value the relationships with our agents, and continually strive to supplement this foundation with a focus on achieving ease of doing business. Our underwriters are happy to talk to you, and we encourage our agents to call with any questions, concerns, or suggestions.**

West Bend is a full-service surety, offering standard contract and commercial bonds in 33 states. With access to the SBA Bond Guarantee Program for non-standard contract business, we serve as a one-stop shop eager to help our independent agency force.

West Bend Bonds can support contract bonds up to \$10 million per job and up to a \$20 million bonded aggregate. Our underwriters do not textbook underwrite, instead we look at each account based on its individual merit with a consistent, common sense approach.

Within our Rapid Bond program, we can quickly assist contractors with their small and infrequent bond needs up to \$500,000 single job and \$750,000 bonded aggregate. With an online, automated approval based largely on personal credit scores, bonds can be obtained in a matter of minutes. No financials required!

All bonds, including contract and our wide array of commercial offerings, are available via our online eSURETY system. Many can be immediately issued with minimal underwriting. Bond forms are automatically generated, pre-filled, and include a power of attorney, for a streamlined process.

Many bonds also come pre-executed, complete with a digital signature and seal, allowing for the ability to email bonds directly from our system straight to your client. We offer further ease of doing business with the ability to accept DocuSign applications and general indemnity agreements. Ask us how!

**West Bend is rated A by AM Best, with a financial size category of XIV, and has a Federal Treasury Listing in excess of \$140,552,000.**
